

About Chinese Character Courses for Kids

Chinese Character Courses for Kids

This Chinese Character Learning Series is compiled in accordance with the Chinese character learning requirements for primary school students in 9-year-long compulsory education of China. With a total of 6 levels, the series covers 500 Chinese characters. For the study of each Chinese character, its strokes, its phonetic transcription, its corresponding English word, the phonetic symbol of this English word, relevant expressions and sentences including this Chinese character are all provided to help children understand the Chinese character accurately and thoroughly and be able to use it correctly.
